Urban Land Readjustment
The Netherlands’ Cadastre, Land registry and Mapping agency
Maartje Lof

*Projectmanager Land consolidation*

Dutch Cadastre
Sence of urgency in The Netherlands

- Overproduction real estate
- Vacancy in retail areas, buildings, housing
- Lack of budget
- New strategy
The instrument

- Minimize financial risk
- Solution to obstructing property
- Find commitment of society
- Putting owners in the position to readjust rights and ownership
Why Dutch Cadastre takes role

100 years experience in rural area
Support societal needs
Take care of legal certainty
Combine data, tooling and knowledge
